To Whom It May Concern:

Party Time Liquors was established in 1976, as a single-location store in Maryland just a stones throw away from the Nation's Capital. In addition to selling spirits, we are also a Money Service Business providing check cashing, money orders, wire transfers, and bill pay services to our customers.

Over the years we have used four or five different bill pay companies. None of the other companies come close to comparing to the excellent service we have received over the past 2 ½ years from PayAmerica. Their relationships with the billers make it a breeze to correct problems with payments when they occur. The PayAmerica software is easy to use and the scanner cuts out most of the errors that could arise. In the rare instance that there is a problem with a payment, it is usually resolved in 24 hours or less.

I just can't say enough good things about the PayAmerica experience.

Sincerely,

A handwritten signature in black ink, appearing to read 'Neil Dicken', with a long horizontal flourish extending to the right.

Neil Dicken
